

HLC sleeve anchor

Quality sleeve anchor with hexagon bolt and washer or combined nut and washer. For low to medium duty fastenings in a wide range of base material.

Applications

- Fastening through in-place parts
 - handrails
 - angles
 - brackets
 - timber parts
 - electrical installation
 - shelves brackets
- Use in concrete, solid bricks, sand-lime blocks

Features

- Bridging of gaps
- Wide range of applications in concrete, brick etc.
- Use in concrete, solid bricks, sand-lime blocks
- Complete anchor
- Through fastening
- Good holding power in low-strength base materials
- Fire rated

Ingenious "midriff" prevents anchor turning in hole, even overhead

HLC external thread with combined nut and washer
